County Monthly Mine Payroll $250,000

Review of Activity in Districts Properties Show Steady Progress

With approximately 2000 men employed in Nevada county gravel and quartz mines and a payroll of over a quarter of million dollars monthly. Nevada county is becoming a big spot on the country's gold mining map.

Reports of those companies which are producing indicate that development work, pursued with more than usual energy, is showing greatly increased gold return.

Most of the list published in the review below, however, are still in various stages of development with production usually incidental to the work of making a mine.

The list of mines, both producing and in course of development, however, is constantly increasing. A year ago this month, there were 12 mines being operated in Nevada county, according to the tally made by this newspaper. Today there are 35 mines in operation. The number of men have increased in the coarse of the year from 1200 to 2,000. These figures are closely approximate. The payroll, in round figures, has jumped from $160,000 to $250,000.

Mine owners still find it difficult to obtain capital for development work, even in properties which have much merit. One of them yesterday stated that, aside from those who were already engaged in the mining industry when the New Deal was declared, people with money to invest are not yet convinced that conditions are sufficiently stable to warrant investment in mining.

Those who have spent their lives in mining operations, however, are enthusiastic and these are gradually winning the confidence of investors. The fact that money is coming in for development, is amply attested by the 600 men, who have been put to work in Nevada county mines since March, 1933.

The following is a brief resume of development in Nevada county's mines during the past month:

EAGLE BIRD

A station has been cut at the first level of the Eagle Bird mine and a small amount of drifting has been done on that level. Work of sinking to the proposed 500 foot level is progressing. A third shift was added to the force of men within the last few weeks.

McDONALD RANCH

Cash Cook and associates have installed a ball mill and plant to rework the mine tailings on the McDonald rach, south of Grass Valley. One hundred tons of tailings are being handled daily.

ANCHO-ERIE MINE

The Anchoe-Erie mine, in the Washington district, has 20 men taking out ore and operating a 10 stamp mill. The company is making regular shipments to the mint. The Bagdad Copper Company, of Arizona, owns the property.

KEYSTONE DIVIDE MINE

Work of pumping out the new shaft on the Keystone Divide property, west of Grass Valley, started Monday. The new headframe is completed. Ore and waste bins are to be started at once. The hoisting house is finished and the engine installed. J. J. Jordan is superintendent for the new company. A. Kelliher, of Nevada City, is the contractor.

MAYBERT GOLD MINES

The Yuba, Mayflower, Silatheal, Gray Eagle and Lindsay mines in the Washington district, were incorporated last week under the name of the Maybert Gold Mines, by a group of San Francisco business men.

Ore from the old shafts on the properties, will be taken by bucket conveyors to a central mill. Estimates place ore values at $12 to $13. Work at present is being centered on the cleaning out and extending the Yuba tunnel to the Mayflower ore shoot. Rebuilding of the flume will start soon. The company owns it's own water rights.

MATTIE GOLD MINE

About 130 feet of sinking in the new shaft at the Mattie mine in Dead Man's Flat, south of Grass Valley, remains to be done before the 1,000 foot drift from the old Seven-Thirty shaft is cut to connect at the 280 foot level in the new shaft. The new shaft is to intersect the drift 700 feet from the station in the old shaft. Thsi drift continues south over 300 feet. The old shaft is to be used as a second exit, pumping water from the mine and ventilation. Mike McGuire is superintendent.

CHAMPION DREDGER

The dredger, on the old Champion tailings, west of Nevada City, has now been put into operation by R. E. Anderson and associates of Marysville. Bed rock is found at about a 13 foot depth.

A tractor with dragline equipment, feeds several hundred yards of gravel and sand into the hopper at the upper end of the float. The dredger is fully equipped with shaker screens, centrifigal pumps and conveyor belts.

SPANISH MINE

The Spanish mine, owned and operated by the Bradley interests, is treating 50 tons of ore daily, from a vein about a mile from the old workings. The mile and a quarter cable tramway, built last fall, is being used to convey the ore from the new workings to the mill. Jack Bradley is the new superintendent.

IDAHO-MARYLAND

Several recently installed units of the new cyanide plant of the Idaho-Maryland Company, Ltd., near the Idaho-Maryland shaft, are being tested in order to place the huge new plant in operation, probably by the end of the month. Rehabilitation work at the old and new Brunswick shafts is practically completed and operation of the property will begin soon. A sump is being sunk at the bottom of the old Brunswick shaft. Errol MacBoyle is general manager.

OMEGA GRAVEL MINE

Twelve men are employed at the Omega gravel mine, north of Washington, where one monitor is making steady progress in tearing down the gravel banks. It has been running about 25 days.

SAN JUAN MINE

More than 100 tons of ore per month is being shipped from the San Juan mine, with the gold bearing rock going forward to the A. S. and R. copper smelter, at Tacoma, Washington, via railroad and boat. It is peacock ore and contains zinc. C. J. Lyser is superintendent.

BLACK BEAR MINE

Three lessees of the Black Bear mine, in the Rough and Ready district, are stoping and hauling ore to the mill at the Golden Center mine in Grass Valley. The Cooley Butler interests of Los Angeles, gave the lease on the property.

STOCKTON HILL MINE

R. M. Burnette and associates, of San Francisco, are busily engaged at this time in running a crosscut and sampling in the 160 foot shaft recently unwatered. There is another shaft of 200 feet, which has just been cleaned out. The principal shaft is to be sunk 500 feet deeper. It has a rich production record from the shallow workings. Machinery and equipment is to be enlarged and augmented. A flotation reduction plant is to be installed. The contact is serpentine and diorite.

MISTLETOE MINE

A crew of six men are taking ore out of the shaft at the Mistletoe mine, in the Rough and Ready district. It is being trucked to the Queen Lil custom mill, near Nevada City. The mine is being developed and ore is being milled also. C.E. Laboyteaux is superintendent.

Oakley Johns, well known Grass Valley resident, is recovering from severe sprains and bruises to the left arm received at the Murchie mine. His arm was caught between the skip and a roller.

SATURDAY EVENING POST WRITER SEEKS NEVADA CITY DATA

Courtney Riley Cooper, writing for the Saturday Evening Post, called at the Nevada City Nugget office yesterday morning and reviewed files of this newspaper to obtain data on the New Gold Rush, to which the Literary Digest a week or two since devoted an interesting article by Kenneth Stewart. The Saturday Evening Post will soon give Nevada county another hour in the national limelight.

Mr. Cooper has been gathering material for his forthcoming article in all the gold camps from Lead, South Dakota, westward to the cities along the Mother Lode in California. He was much interested in the development which has taken place in Nevada county since last spring.

He was impressed with the fact that last year at this time approximately but 1200 men were employed, with a monthly payroll at $160,000, while today over 2,000 men are employed with a payroll of approximately a quarter of a million dollars.

IDAHO MARYLAND PROFITS $359,072

At the annual meeting of the Idaho-Maryland stock holders in San Francisco last week, the executives reported revealed a net earning of $359,072 for the year ending December 31, 1933, after deducting taxes but before charges for depreciation, depletion and amortization.

This was equivalent to 21 cents a share on 1,701,932 shares outstanding. This compares with .186 cents earning in 1932.

Net profit of the operating company amounted to $296,082. The company has debts amounting to more than $3,500,000 which it is paying off. All officers of the company were re-elected. E. L. Oliver is president.

Municipal Race Is On! Here Are The Entries

The biennial municipal race is on. Hats were hurled into the ring last Tuesday at noon. Bets are being made and hands shaken upon them. Various groups have promised their support to this or that candidate and an active campaign, marked by humorous electioneering, has been inaugurated.

Those who left the starting post Tuesday are:

Mayor R. J. Bennetts and Benjamin Hall, incumbents, and Karl Kopp and A. H. Haddy, all seeking to fill the two seats on the city council for which the terms of four years are expiring.

Then there are James Penrose and Curtis Clark candidates to fill the two-year unexpired term of Wade Armstrong, resigned.

The office of city councilman is honorary. It carries no salary.

George Calanan, city clerk, is candidate to succeed himself, and Mrs. Emma V. Foley, is similarly a candidate to succeed herself as city treasurer. Neither are opposed. These offices carry small salaries.

COUNCIL'S RECORD

Without prejudice to any of those who have decided to make the race for city council, the Nevada City Nugget wishes to call attention to the fine record made by that body during the past year:

(1) They have repaired, replaced and extended the city water mains, wherever these respective improvements were needed. They have cleaned out the city's reservoirs and have obtained fencing material to keep them free from incursions of domestic stock and dogs. They have thus reduced fire and epidemic hazards to a minimum.

(2) They have vigorously prosecuted the work of street improvement, notably on Piety and Prospect Hills, and in Pine, Nevada, Main and West Broad streets, and have also done a great deal of work in protecting the streets from drainage in roads during wet weather.

CITY PARK AND POOL

(3) They have purchased ten acres, more or less, for a municipal park in the most picturesque section of Nevada City, as a setting for the municipal swimming pool. The work is well on the way toward successful completion. It is expected to complete the swimming pool within the next six weeks. When completed, the park and pool, 40 by 130 feet in dimensions, will be one of the most attractive recreational spots in the Sierras.

(4) They have co-operated wholeheartedly and energetically with the Nevada City Chamber of Commerce in establishing the Nevada City Airport on Cement Hill. Mayor Bennetts has made several trips to San

(Continued To Page 6)

Evangeline Chapter Installs Officers

Evangeline Chapter, O. E. S., entertained their Grand Deputy Vera Ingram, last Tuesday evening, when she made her official visit to the chapter. The entire work of the order was exemplified and the officers were highly praised for their work.

The officers were robed in Bible time or early Grecian costumes. The matron was dressed in pure white, while the others wore white with drapes appropriate to their stations, which made the floor work very effective. Other outstanding costumes were worn by the following: Mrs. Virginia O'Neill, flag bearer, was stately in green; the star points, Adah, Elizabeth Leiter, orchid and blue drape; Ruth, Ruth Tamblyn, green and yellow; Ester, Esther Tremaine, white with gold bands, crown and slippers; Martha, Alice Davies, flesh pink and green; Electa, Katherne Celio, yellow and red drape.

Several made short speeches, the Grand Deputy praised the officers for the honor shown her and stated it reminded here of her Eastern Star Sorority at college, in which they wore similar costumes. The Star Points in a pretty, unique little ceremony presented the grand deputy with a large hammered brass service tray.

The chapter room was prettily decorated with flowering peach and the dining room was arrayed in a profusion of flowering peach and almond blossoms. Easter novelties were at each plate as favors and napkins were adorned with Easter emblems.

A cold plate dinner, delicious home made cakes and coffee were enjoyed after the chapter closed.

There were 50 members present with the following visiting from Aurora chapter of Grass Valley, Mrs. Minnie Coflin, Mrs. Alberta Ro[illegible], Misses Verna Greely, and Dorot[illegible] Dyke; Walter Weiger, patron, and Grand Deputy Vera Ingram.

Mrs. Lucille Neilson of San Francisco is visiting for a time at the George Erway home with relatives.

ARTIST WILL SKETCH HISTORIC SCENES HERE

As the result of a special request from Edward Bruce, secretary of the Federal Public Works of Art Project, in Washington, a series of drawings of points of interest in Nevada county will be made as part of a permanent pictorial record.

Ned Hilton, San Francisco artist, commissioned to do this work, arrived in Nevada City Thursday. He called at the Nevada City Nugget office and was referred to several longtime residents, who will guide him to those buildings and scenes of historc interest hereabouts.

One Hundred Attend Civic Club Card Party

The Woman's Civic Club of Nevada City, entertained about 100 ladies Wednesday afternoon in Brand's Studio with one of the most delightful social affairs of the season in the form of a card party.

Sixteen tables were placed for auction, contract, whist and Mah jongg. Mrs. H. E. Kjorlie won high score in contract with Mrs. Douglass Farmer second. Mrs. Lewis carried high score in auction with Mrs. Agnes Taylor winning second. Whist awards went to Mrs. E. J. Baker and Miss Minnie Brand.

Prizes for mah jongg were won by Mrs. Ben Hall and Mrs. R. J. Bennetts.

Mrs. Rider, president for the Northern District Federation of Women's Clubs, will visit the Civic Club in Nevada City Monday evening, March 26. All members are urged to be present. A report is to be made on committees for the contention which is being held here April 19, 20 and 21.

Banner Mt. Auxiliary To Initiate Class

The Ladies' Auxiliary of Banner Mountain Post, V. F. W., will meet this evening in Pythian Castle.

Plans are being made for the initiation of candidates and a happy social time.

PALM SUNDAY AT TRINITY

Rev. Charles Washburn of Trinity Episcopal church will render a special sermon on Palm Sunday, March 24, at 11 o'clock A. M.

Mrs. Lyda Talbot, accomplished musician, will sing the special number "Palm Branches."

BUSINESS INDEXES SHOW GAINS

For a number of consecutive weeks, standard business indicators have shown advances.

Car-loadings, steel output, electric power production, life insurance sales, construction contracts, the wholesale commodity price—all are up. An encouraging sign is that the advance has not been sporadic and erratic—it has been gradual and is apparently the result of a general strengthening of the nation's economic foundations.

Much remains to be done—industrial convalescence isn't here. But recovery seems to have started.

TONSILS REMOVED

Miss Frieda Pitz, underwent an operation for the removal of her tonsils in the Jones Memorial hospital Tuesday morning. Dr. W. W. Reed was the surgeon.

She returned to the home of Mrs. Edwin Berger Wednesday and will remain there until she has fully recovered.

Miss Pitz is a niece of Karl Kopp and has made a wide circle of friends.

o

Mr. and Mrs. George Bobst, and son, Robert, will leave Sunday for Mountain View, where they will attend the Golden Wedding Aniversary of Dr. and Mrs. W. H. Button, parents of Mrs. Bobst.

SACTO BALL CLUB TO PLAY CHICAGO CUBS MARCH 24, 25

The Sacramento Senators under the new management of George Earl McNeely, are set for the opening game of the Pacific Coast League, at Moreing Field, Sacramento, April 3rd., 1934. The new Senatorial Owner started baseball in 1922, with none other than theballclub he now owns, so the fans can depend on him this year to do everything possible to produce a winning team, so as to warrant the support expected from Northern California baseball lovers.

With all of Northern California enthusiastic over the openling of the season Sacramento is preparing, under the direction of Committee chairman Carl Lamus, an elaborate program to include floats, band music and a novel parade, also celebrities to pitch the first ball and announce "batter-up". This opening day celebration will be one of the largest ever witnessed in Sacramento, and will serve to indicate the spirit and confidence accorded the re-organized Senators under the leadrrship of their scrappy new owner-manager.

Saturdary and Sunday March 24, and 25 will see some fast action in the shape of the Chicago Cubs opposing the Senators, and promises to be real games. Manager Charles G. Grimm swooping up from Catalina Island to show off the cubs to preseason fans before returning east to start a tough season.

o

Mrs. Polkinghorn was hostess at bridge to a small group of friends on Tuesday in her new home on Lost Hill.

RUSH FOR 1934 MODEL CHEVROLETS UNABATED

Gove C. Celio, distributor for the Chevrolet in this section, reports sales of eleven cars and one truck since the new 1934 models came out. There has been such a tremendous rush for Chevrolets since the big auto show in San Francisco, that western distributors are having much difficulty in obtaining deliveries. Celio reports that in the case of four of his sales he has not been able to obtain cars for delivery but expects soon to have them here.

o

Mrs. Roy Brown left last Wednesday for Bakersfield, having been called there by the serious illness of her father.

—Chocolate cream decorated Easter eggs with names on. Leave orders at Coley's Confectionery.

KNIGHTS TEMPLAR HOSTS TO VISITING OFFICERS

The officers of Nevada Commandery entertained two distinguished guests Thursday evening.

An official visit was made by Hubert J. Humbert, Inspector of Nevada Commandery Knights Templars, who came up from Sacramento for the occasion. He was accompanied by Judge Luttrell of Yreka, Department Commander of District No. 2.

Dinner was served at 6:30 in the banquet room which had been beautifully decorated for the occasion.

o

Major and Mrs. Z. L. Henry, surgeon for the Marysville CCC district, were guests ofDr. and Mrs. B. W. Hummelt, Wednesday.

How To Keep Well

In any climate and under whatever weather conditions we live, our first problem is that of keeping well, for both our efficiency and comfort depend upon our health. In China, a man pays his doctor to keep him well, and the doctor's pay stops if he gets sick.

The Chinese take care of themselves. They look to Herbs, not to make them well, but to keep them well. They seek to prevent sickness, and act promptly before it becomes serious... In the springtime they take Herbs for a few weeks and clean out and purify their systems. In the wintertime they also take a course of Herbs for a short time. Thus they have no sickness, because they keep themselves pure and healthy. ....

Those who have recovered from a long sickness, even though they are entirely cured, nevertheless are not as well and strong as those who have always been well. About every six months they are likely to be ill. There may be some wear and tear from mental labor; the food and drink may not be entirely correct; there may be some injury from overwork; or some accumulation of worn-out material of the body not fully eliminated from the system; or the weather may contribute to the cause. Thus in varied ways sickness comes to all, and one who has been ill is more susceptible to attacks than others.

TO WHOM IT MAY CONCERN:

For many years I have suffered with arthritis and rheumatism along with back and arms and legs and also pains in my kidneys. I suffered so terrible that I could scarcely do my work at all. I went to many doctors and got no relief. Upon the advice of my friends I decided to give H. W. Yee a trial. After four weeks of herbs my rheumatism and pains are entirely gone. This was one month ago and I have been in excellent health ever since.

John DiChesare,
Care of Italia Hotel,
Grass Valley, Calif.

OUR HERBS CLEAR THE IMPURITIES FROM YOUR SYSTEM

March 3, 1931

Dear Sir:

For years I suffered from a sore in my leg and lots of pains. Besides that, I had kidney trouble. After taking your herb treatments for two months, I am feeling fine and my trouble has disappeared. Many thanks.

(Signed) F. H. WILLIAMS,
2142 Portola Way, Sacramento.

QUICK RELIEF FOR INFLUENZA

Henry Yee,
707 J St., Sacramento.

Dear Sir—I wish to thank you for the prompt relief I received by taking your herb treatments in connection with a recent severe case of influenza. After 2 hours I could feel a high fever abating and in five days I was able to resume my work. Thanking you for past favors, I am,

Very Truly yours,
J. BARBER,
1531 M St., Sacramento.

SAVED FROM DEATH'S DOOR

To Whom It May Concern:

For 20 years I suffered with ulcers of the stomach. I doctored all these years and spent a fortune to get well, but obtained no results. I suffered so intensely I could neither eat nor sleep and was unable to do anything, so my doctor told me that I must go for an operation. Very fortunately for me, a friend recommended to me, H. W. Yee Herb Co. After I had drank the herb tea, I began to improve immediately. I continued the treatment for two months' and now my ulcers are all gone and my life was saved through the skill of H. W. Yee, eminently successful herbalist. If anyone wants to know more about my case, just phone me.

MRS. T. B. WARD,
918½ 48th St., Sacramento.

YEE'S HERBS THE BEST

Dear Sir:

I suffered with stomach trouble, constipation, pains and gas pressed on my heart. I did not feel well at all. Every afternoon I had so much pain in my stomach and I had to quit my work. After taking H. W. Yee's herb treatment for two weeks I am feeling fine now. Many thanks.

CWA CREW DOES GOOD WORK ON PIKE CITY ROAD

CAMPTONVILLE, Mar. 26.—Yuba county CWA Project 14, repair of the Camptonville-Pike City road ended last week when funds for that project were exhausted, and the crew, which was 19 in number since December, has been laid off.

This road is one of the early day roads, cut through a rugged canyon, through a formation of rock and hard ground, and since the road was built, it has been steep, and only wide enough for one way traffic. If cars met, one had to back up until they could find a place wide enough to squeeze by. Many bad accidents have taken place on this road, both with the old horse teams and with automobiles. Although there is a daily mail route over this road, the county, with it's many other miles of similar, more heavily traveled roads, could not spare funds with which to improve it.

The CWA crew, first under Fred C. Kendall, and afterwards under Fred B. Hanson, started at the Camptonville end, and cleared the right away of brush and big trees, and began to widen it. In some places considerable blasting had to be done. They continued this as far as the top of the hill on the other side of Oregon Creek, and now the road is greatly improved, and two cars can pass almost every place, and the motorist can travel this road without fear of plunging over a precipice into the canyon. This crew worked arduously and have made a showing for their work.

Camptonville Belle Weds Dutch Flat Farmer

CAMPTONVILLE, Mar. 19.—Miss Eileen Godfrey, daughter of Mr. and Mrs. W. S. Godfrey, of Pike City, and Thomas Garvin Mitchell, of Duth Flat, were married Sunday morning in the Congregational church at Grass Valley. Following the ceremony, a delightful wedding breakfast was enjoyed and the young couple left on their honeymoon.

The bride was attired in a white dress and carried gardenias, and was attended by a class mate. She is the only daughter of Mr. and Mrs. W. S. Godfrey of Pike, and a graduate of the Grass Valley high school, from which school she won a scholarship to Mills College, where she has been an honor student.

The groom holds a responsible position with the Fruit Growers Association at Colfax, and the young couple will make their home in Nevada county.

KNIGHTS TEMPLAR TO ATTEND EASTER SERVICE

This year Nevada Commandery members in full uniform will attend the Trinity Episcopal church in Nevada City Easter Sunday.

The Knights Templar, which is composed of men from Nevada City and Grass Valley, always attend church in a body, in first one city and then the other, until they have visited the Episcopal, Congregational and Methodist churches of Grass Valley and the Methodist and Episcopal churches in Nevada City.

D. R. Hutchison of San Francisco is visiting his parents, Mr. and Mrs. James Hutchison.

NEVADA COUNTY C W A PAYROLL $2,865 MAR. 8

SAN FRANCISCO, Mar. 22.—A total of $1,687,546 was paid to CWA workers in California during the week ending March 8, it was shown by payroll figures announced today by Captain Edward Macauley, Federal Civil Works Administrator for California. Nevada county's C. W. A. payroll for that week was $2,865.

This total is a decrease of $193,059 under the payroll of the preceding week. It was disbursed to 116,578 persons, Captain Macauley said.

Since CWA was organized 16 weeks ago, approximately $31,386,364 has been distributed throughout California's 58 counties in the form of wages and salaries.

Exclusive of these figures, 4,274 workers in State Camps for single resident men received $48,000 in wages for the week ending March 8, Captain Macauley stated.

ELKS TO GIVE DANCE

Nevada City Lodge of Elks are preparing for a big dinner and dance for Thursday evening, April 5.

Charles Leiter is chairman of the committee on arrangements and all may expect a most enjoyable time.

PIONEER

BANK of AMERICA'S history reflects the pioneering spirit of America. Breaking away from the old iron-bound traditions of banking, this progressive institution has blazed new trails . . providing a broad-gauged type of banking service commensurate with the financial requirements of a great, progressive state. ¶Outstanding among the many pioneering activities inaugurated by Bank of America are statewide branch banking . . statewide school savings system . . statewide trust service . . metropolitan banking service in both large and small communities . . "out-in-the-open" banking, with all executives easily accessible . . And Bank of America will continue its pioneering, progressive policies . . it will continue to originate or adopt ideas that will benefit its vast number of depositors and the state as a whole.

CAMPTONVILLE

By ACTON M. CLEVELAND

CAMPTONVILLE, Mar. 20.—Mrs. Cal Herman, of Marysville, was in this section a few days ago visiting relatives at the Hotel Francis.

George T. Williams, and brother William Williams, of Berkeley, were in town one day last week on a hurried trip.

Jack Francis, of Marysville, was in town a few days ago on a short visit, enroute to his home from Alleghany.

Kenneth Latta, of Downieville, was in town Thursday on a brief business visit.

Myron Pauly and Donald Long motored to Nevada City early Sunday morning; Erle Pauly accompanied them.

Mr. and Mrs. Perry Orr, of Forest City, were in town Thursday on a short business visit.

Mr. and Mrs. Fred B. Hanson and Mr. and Mrs. Edward Havey and son motored to Grass Valley Saturday on a short business visit.

Charles Wilson, Jr., a student at the Sacramento Junior College, spent the week end visiting relatives at Log Cabin.

Forest Ranger Frank W. Meggers motored to Marysville Saturday on a short business visit.

Lee Bullington and son Louie Bullington, motored to Nevada City Saturday on a short business visit.

One of the largest attended dances in several years, was held here Saturday evening, given by Len's orchestra of Downieville, St. Patricks Day being the event. The weather and roads were fine and people came from all nearby towns, and a fine time was enjoyed by all.

Fred Hill motored to Nevada City Sunday on a short visit.

Mr. and Mrs. Laurel C. Ruff and daughter of Yuba City spent the week end here, attending the dance and visiting friends.

Lew Woods, of North San Juan, was in town Saturday on a business visit.

John Morris, of Forest, was among those in town Saturday evening attending the dance.

J. P. Smart, of Pike City, a former resident, spent Saturday in town visiting old friends.

Mr. and Mrs. Lester M. Jaynes and son Robert, Frank Poggi, Oscar Costa, Alton Cock, Mrs. Joseph Lavezzola, Mr. and Mrs. Mervin Lutz, were among those from Downieville attending the dance Saturday evening.

William A. Lang motored to Sacramento Friday on a short business visit.

H. H. Chatfield, and daughters Misses Lola, Wanda, Gladys and Ruth, of Pike City, were in town Saturday evening.

Floyd Cartwright, of Grass Valley, was in town Thursday on business.

TOPIC OF SACT. VALLEY COUNCIL WILL BE ROADS

Recommendations for the building and improvement of state highways in the Sacramento Valley District will be one of the important matters considered at the meeting of the Sacramento Valley Council of the State Chamber of Commerce at Hotel Senator, Sacramento, Friday, March 23.

During the past 30 days, special county committees have made studies of highway conditions in their particular counties and the recommendations of these committees will be used at the meeting for the purpose of formulating a definite program to be presented to the state highway department.

Consideration will also be given to the farm labor situation, the building and improving of airports with federal funds, stimulating travel to recreational areas, and locating new summer CCC camps in the district.

More than 100 representatives from the 19 counties in the Sacramento Valley District have already indicated their intention of attending this meeting.

Committees on Agriculture, Conservation, Highways, Publicity, Aeronautics, Winter Sports and History and Landmarks will meet from 10 a. m., until noon, at which time all will join together for the regular Council luncheon at 12:45. A. E. Goddard, Chairman of the Council, will preside.

EXCELLENT ORE IS REVEALED IN LAVA CAP

Otto E. Schiffner states that he was quite encouraged over the present outlook of the Lava Cap mining property.

Recent development work on the 600 foot, 800 foot and 1000 foot levels, has uncovered ore that runs as high as $70 per ton, at the old price. This strike apparently will prevent the temporary shut down of the mill, as had been planned.

As the ore left in the old workings was cleaned up several days ago, some of the men were laid off.

Mr. Schiffner stated that there are 90 men now employed.

THE NEW DEAL

There was a young man wanted Beer.
He wanted it sparkling and clear,
When he found the New Deal, he let out a squeal,
It was here that he found it was DEAR OLD SCHLITZ.

ROSE FASHION SHOPPE IN NEW LOCATION SOON

Mrs. Edward Rose, of the Rose Fashion Shoppe, has taken a lease on the first story of the Native Sons hall and expects to move into the new shop about the first of next month.

Hhe husband, who is a carpenter, is remodeling the front. She will be quite comfortably and conveniently situated for her ever increasing trade.

MARRY IN CALIFORNIA

In order to get back to the old days of brides-maids, satin slippers, flower girls, giving away of the bride by fond parents, throwing of the bride's bouquet, and the many other sanctities of marriage including the throwing of rice and old shoes—Remember?

"Here comes the bride," "Turkey in the straw."

The word "RENO" on a marriage certificate is an insult to Californians. It represents first of all, divorce. Second, it represents the stupidity of red blooded Californians to adequately protect their children.

How would you like the name of Sodom on your marriage certificate?

In California marriage is made a sacred obligation. In Reno marriage means gambling, drunkenness, extreme-looseness of married life.

Our "anti-gin law," which forced young folks to drive into Reno almost dead drunk, and almost tired to the point of distraction, robbed us of the old traditions.

At my courtroom, 152 Mill Street, I have accommodations for about 40 people. You may drap it as you see fit. There are two siderooms where the bride and her bridesmaids may powder and rouge. The other siderooms is for the bridegroom and his escorts.

There will be no charge for the performance of the ceremony nor for the use of the rooms.

OSCAR E. WINBURN,
Justice of the Peace.
152 Mill Street Phone 47

LUMBER TALKS

I DID IT

I lined the attic space with it
And made an extra room,
I built a closet 'neath the stairs
For floor mop, brush and broom;
I made some pantry shelves for ma,
A book case for our Will,
And CELOTEX in every case
Completely filled the bill.
So, CELOTEX, and PAINTS and TINTS,
I'm offering now for springtime hints.
A. M. C.

Twice-Told Tales

Celotex Building Board is made from the long, tough fibres of cane, containing millions of tiny air cells that produce it's remarkable insulating efficiency. It's thermal conductivity is 33 per cent. These fibres are fabricated into a strong, rigid, durable insulating board. Once installed, CELOTEX does not have to be replaced.

Our First Shipment Has Arrived.

Paints

Too, our new supply of paints have arrived and it is SELLING—many prefer the paint which can be bought for $1.25 and $1.95 per gallon to the higher priced paints. A good time to begin applying it.

GRASS VALLEY, CALIFORNIA

MUNICIPAL RACE

(Continued From Page One)

Francisco and has devoted the past two months mainly to meeting and overcoming the many obstacles to the realization Nevada City's long dream of a municipal airport.

(5) They have placed the city's business on a business basis by accepting the recommendations of the public accountant, as regards water collections, book keeping and municipal accounting.

PROTECTION FOR MERCHANTS

(6) They have adopted an ordinance which now protects merchants and business men of this city from the inroads made on their businesses from peddlers and unlicensed mercandisers from outside. In doing this, in order that the ordinance would stand the test of legality in the courts, they have imposed a small license fee upon all businesses within the city. The license fees collected from outside and inside the city will add to the city's revenue for progressive improvements.

(7) They have co-operated with the city fire department in the latter's purchase of Armory Hall, offering to lift part of the department's burden in order to promote the patriotic purpose of the firemen.

These comprise the high lights of the city council's activities during the past year.

The Nugget respectfully submits to it's readers that the men who have accomplished these things well merit continuance in office.

MERITS OF CANDIDATES

Since the office of city councilman is remunerated only through the honor of election to it, The Nugget believes that every candidate should be accorded a hearing on what he proposes to do if elected, and that his merits for the office should be respectfully weighed. Herewith are brief resumes of those in the race.

R. J. Bennetts, incumbent, retired druggist, successful business man. Since retirement, he has devoted himself largely to the welfare of the city in which he accumulated a competence. He has displayed the same energy, tact, shrewd business judgment in the conduct of the city's business as he formerly did in the drug business. He has served the city well and faithfully.

Bejamin Hall, incumbent, retired some years ago from business, was appointed to fill the unexpired term of Wade Armstrong, resigned. He has devoted the major portion of his time to this city's business and has been keenly interested in seeing to it that the city obtains a dollar's worth of service or materials for every dollar expended.

AIDS HOUSING CONDITIONS

Karl Kopp, successful baker and business man, has turned the profits of his baking business into investments in land and housing, thus helping to solve the serious condition that faced hundreds of families that have recently been seeking homes in this city. Kopp is one of Nevada City's respected and public spirited citizens.

A. H. Haddy, for many years a resident of this city, a short time since donated a piece of land to the city to be included in the municipal park, which surrounds the swimming pool site. Mr. Haddy has many friends and is one of those who take a keen interest in municipal good government.

The four names above are candidates for the full four year term of city councilman. The two following are candidates for the two-year unexpired term of Wade Armstrong.

TO SUCCEED ARMSTRONG

James ("Jim") Penrose for many years has been an active member of the city fire department. He has given the community his service in fire fighting, and has promoted all forward looking enterprises which have advanced the city. A successful businessman, he has generously shared his time and energies in pushing to completion civic improvements.

Curtis R. Clark, garage proprietor, in ten years residence in this city, has established a reputation for industry and enterprise. He has won many friends and has the respect and confidence of all those who know him.

George Calanan and Mrs. Foley, candidates respectively for city clerk and treasurer, offices they now occupy, have served the city well and faithfully and their many friends are happy to see them unopposed for re-election.

America - here they are!

To fill the record-breaking nationwide demand, Chevrolets are being produced at a record-breaking rate of

4000

units a day!

CHEVROLET

A GENERAL MOTORS VALUE

CHEVROLET factories are breaking records, trying to give America all the cars it wants. 4000 units a day are rolling off the assembly lines. In fact, more Chevrolets are now being produced than any other make of automobile in the world.

Naturally, Chevrolet is proud of the record its factories have made this year. Especially so, in view of the fact that the 1934 Chevrolet is *not* merely last year's model *improved*, but a basically new automobile throughout. Producing so many of these cars so early in the season, and *producing them all up to Chevrolet high standards of quality*, is nothing short of a real accomplishment!

Chevrolet takes this opportunity to thank the American public for the wonderful way it has received the 1934 Chevrolet car. And Chevrolet is happy to report, that with over 4,000 cars a day being built, dealers everywhere will soon be in a position to make *immediate deliveries*.
